

B	I	N	G	O
resistance	Newton's 1st law	chemical change	molecule	electricity
atom	renewable energy	fossil fuels	Newton's 2nd Law	longitudinal waves
physical property	solar power	FREE	Newton's 3rd Law	compound
earthquake waves	physical change	electric charge	chemical reaction	element
chemical property	acceleration	geothermal power	transverse waves	change of state

B	I	N	G	O
solar power	Newton's 2nd Law	molecule	atom	fossil fuels
chemical change	transverse waves	electricity	acceleration	longitudinal waves
earthquake waves	Newton's 3rd Law	FREE	compound	Newton's 1st law
chemical reaction	geothermal power	resistance	change of state	physical change
electric charge	element	physical property	renewable energy	chemical property

B	I	N	G	O
acceleration	geothermal power	Newton's 2nd Law	element	Newton's 3rd Law
resistance	earthquake waves	electric charge	renewable energy	electricity
physical property	change of state	FREE	physical change	chemical reaction
solar power	longitudinal waves	molecule	transverse waves	chemical change
compound	Newton's 1st law	fossil fuels	atom	chemical property
