What time do you close	Ang mad before 2PM	I always have a problem here/with doctor	Well I'm out	Is their a generic for that?
Do you take Good Rx	What happened to your hand	That's not OTC?	But I have insurance	There should be xxxx amount of RX's
What do you mean no refills?	Where are you batteries	**FREE**	Can i get some pseudoephedrine	I lost them
I need the "color" ones	What do you mean I have a deductible?	I paid $x.xx last time	I got a call text or message from the pharmacy	It says on my bottle...
I called this in just earlier	Do you do the Covid boosters	The same customer calls 4 times in a day	someone waiting before we open	Fill everything on my profile
