What I heard you say was	Adding to what you said	For example	Ms.KIKI	I think that because
Could you tell me more?	To be clear you said	I want to add	Can I explain how I got my answer?	In my opinion
So your saying that	What evidence do you have?	FREE	Can you elaborate?	I disagree because
I learned that	My idea is like	I respect your opinion but	I am confused about	I used to think but now I think
I agree because	Could it also be that	I wonder	Why do you think that?	Debate
