

B	I	N	G	O
to the wall to return	a home is where the people you love are not a physical place	to leave from an airport	to remove your clothes	to move something from outside of something
to extinguish a fire	to the inside of something	to reject someone	reminds you of an embarrassing or sad event that happened	to remove something from inside something else
to stop partying hard	to use a kettle on the stovetop to submit something	FREE	somewhere you're as comfortable as your own home free (usually after you've already gotten something else)	to make yourself comfortable like it's your house
to miss your home	to start playing music	to move closer to a target	to make the light dimmer	to party really hard
to make the light bright	to bear or endure something	to remove from the wall	to wear clothes	to hang or attach a picture
