

Geometry Bingo Call Sheet

This is a randomized list of all 32 bingo events in square format that you can mark off in order, choose from randomly, or cut up to pull from a hat:

regular polygon	polygon	octagon	line	line segment
parallelogram	scalene triangle	acute angle	protractor	perpendicular lines
right angle	quadrilateral	ray	straight angle	intersecting lines
equilateral triangle	circle	pentagon	degrees	point
triangle	square	angle	trapezoid	vertex
hexagon	right triangle	obtuse angle	parallel lines	rectangle

Geometry Bingo Call Sheet

This continues the randomized list of all 32 bingo events. The bingo squares are aligned on each page to allow for easier cutting.

iscosceles triangle	rhombus
